

# Residents survey

1. Do you own an electric or plug-in hybrid vehicle?
  - Yes
  - No
  
2. If not, do you plan on owning one in the near future?
  - Yes, within the next year or two
  - Yes, within the next five years
  - Yes, at some point in the distant future
  - No, I have no plans to own an electric or hybrid vehicle
  
3. What are the main reasons for not owning an electric vehicle?
  - Home charging – there's nowhere for me to charge an EV
  - Price – electric vehicles cost too much at the moment
  - Range anxiety – I'm worried about how long the batteries last and how far I can drive an electric car
  - I'm happy with my petrol/diesel car
  - Other (please specify)

---
  
4. If EV charging facilities were made available at our property, would you use them now or in the future?
  - Yes
  - No
  - Not sure (please specify reasons)

---
  
5. Do your friends, family members or colleagues own an electric or hybrid vehicle?
  - Yes
  - No
  - Not sure
  
6. If a significant number of residents agreed to the installation of electric vehicle charging, would you be willing to pay a slight increase in maintenance fees?
  - Yes
  - No
  - Not sure (please specify reasons)
